<b>SwiftLeads Handheld Lead System</b>		\$199.00		
<p>The SwiftLeads Handheld scanner uses the latest scanning technology to capture leads with ease, allowing you the ability to qualify, take notes and edit information quickly. The SwiftLeads Handheld is the most advanced sales lead system available! The information is uploaded and stored in real-time on a secure server. We simply provide you with a web-link and log in credentials. Using the provided credentials, you will have access to download your leads straight from our web portal in real time. This system <u>does not</u> require you to have power or Wi-Fi at your booth. The system is completely battery operated, cellular based and is designed to last the entire event. Custom Qualifiers are available below in the Add-On Features section.</p>				
Add-On Features	All qualifiers must be submitted by May 25th, 2018		QTY	Total
<b>Custom Qualifiers</b>	\$50.00			

Product	
<b>SwiftLeads Handheld Lead System</b>	

Complimentary Features	Description
<b>Default Qualifiers</b>	Each device will come with a default set of qualifiers.  Additional Custom Qualifiers may be purchased which can be tailored for your specific aspects or needs.
<b>Leads Web Portal</b>	All devices are synced to our reporting portal, giving you the ability to view or download the captured leads in real time.
<b>Downloadable Spreadsheets</b>	A USB flash drive is not required to download your leads from the SwiftLeads Handheld, since all leads are made available to view or download at any time during or after the event in the Leads Web Portal.
<b>Notes</b>	SwiftLeads Handheld gives you the ability to take notes simultaneously while speaking with your attendee.
<b>Single Entry Point</b>	There is no need to combine excel spreadsheets from multiple SwiftLeads Handhelds, the Leads Web Portal will automatically perform this task.
<b>E-Literature</b>	Upon confirming your complimentary device(s), access to the E-Literature Upload Web Portal will be made available. Upon scanning an attendee, you may choose which E-Literature pieces to have automatically emailed to the attendee.
